

INTERNATIONAL ARTISTS

11:20 & 15:30 ENCOUNTERS

Encounters is an interactive, visually stunning performance inspired by ancient text. It explores human connections through simple props, inviting the audience to collaborate and create beautiful, unexpected images together. Don't miss out on the chance to be part of this artistic 'happening', right in our historic market place.

Stalker Teatro, founded in 1986, emerged from the Political Collective at the Turin Academy of Fine Arts. Influenced by Jerzy Grotowski and Andrei Tarkovsky, they focus on artistic experimentation in socially sensitive contexts. They create site-specific performances and collaborate with prominent artists, performing across Europe and beyond.

Performed by a solo actor, for one person at a time, or small family groups, The Whale has been travelling up and down the country and swallowing audiences one at a time (or in small family groups) since 2006.
